

The Connection Between Conservation, Health & Development

In a world of seemingly insurmountable problems, how can linking conservation, health & development be a game-changer for people and the planet?

*The Sierra Club's SF Bay Chapter Population, Health & Environment Committee invites you to join filmmaker and conservationist **Chris Austria** and **Suzanne York**, director of Transition Earth. They will talk about their recent trip to Uganda, and what is working on the ground to empower people with jobs and health. This includes family planning, and the efforts to protect nature and the world's remaining mountain gorillas. Chris will show some of his Uganda wildlife footage. He will also discuss the filming of his documentary on Dr. Gladys Kalema-Zikusoka, founder of Conservation Through Public Health.*

When: Wednesday, September 27
7:00 pm
Where: Sierra Club SF Bay Chapter
2530 San Pablo Ave # I, Berkeley, CA
